

There are many countries around the world. The country that we live in is called the United Kingdom of Great Britain and Northern Ireland or the UK.

People in other countries may speak different languages. In the UK many languages are spoken but the most common one is English.

Kenya is a country in Africa.

Meru is a town in Kenya.

Meru in Kenya is the same as Tilehurst in some ways (schools, hospitals, shops, buses) but different to Tilehurst in other ways (climate, culture, buildings).

In both the UK & Kenya, children go to school to learn together.

Houses in the UK and Kenya are often made from different materials or in different ways.

Planting and growing

Spring

Spring is the season of the year that comes after Winter and before Summer.

In Spring time the weather begins to get warmer, flowers begin to bloom and blossom appears on the trees.

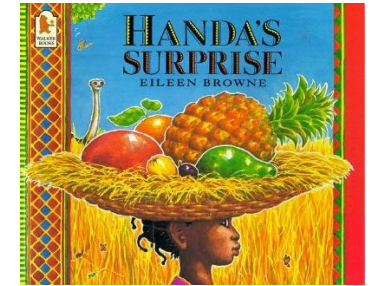

Many animals also wake up from their winter hibernation.

In Spring, Christians celebrate Easter. They give Easter eggs to each other to celebrate new life.

Holi is also celebrated in Spring by Hindus. It is a colourful celebration of new life and love.

There are healthy and unhealthy foods.

Common fruits are:
apples, bananas, oranges,
lemons and strawberries.

Common vegetables are:
carrots, potatoes, beans and
peas.

Different vegetables and fruits are grown in different countries depending on the weather.

Some foods, which contain lots of sugar, can damage your teeth.
